TABLE OF CONTENTS

INTRODUCTION

The New Concept of "Deterministic Anticipation" in Natural and Artificial Systems
Daniel M. Dubois (Belgium), Lecture of Opening Session, President of CASYS'11 ..... **3**

SYMPOSIUM 1: ANTICIPATION, CYBERNETICS, SYSTEMS RESEARCH, PHILOSOPHY AND METAPHYSICS

INVITED WORKSHOP on "Philosophical Perspectives on Anticipation" organized by Gertrudis Van de Vijver (Belgium)

Novum sub Sole: Organicity and Temporality in Kant and Bergson
Boris Demarest (Belgium) **21**

Perceptual Imagination as Anticipation in Helmholtz: Critical and Metacritical Dimensions in Helmholtz's Account of Human Vision
Liesbet De Kock (Belgium) **35**

Holloway's 'Imposition of Arbitrary Form on the Environment', or a Unique Kind of Anticipation as the Onset of Cultural Humanisation
John Gilbert (Belgium) **49**

Can Kant's Idea of Sensus Communis (§40, Critique of Judgment) Be Relevantly Used in the Anticipatory Dynamics of Living Systems?
Gertudis Van de Vijver (Belgium) **59**

The Deduction of Time and Space in J.G. Fichte's of the Constitution of Subject and Object
Emiliano Acosta (Belgium) **69**

Ausdehnung and Plasticity from Freud and Kant: the Dancer through the Looking Glass/Looking through the Dancer
Elisabeth Van Dam (Belgium) **79**

Ethics, Aesthetics and the Anticipation of the Unanticipatable
Anton Froeyman (Belgium) **91**

Time is of the Essence: the Importance of Anticipation in the Treatment of Schizophrenia
Dieter De Grave (Belgium) **101**

SYMPOSIUM 2: APPLIED MATHEMATICS, DYNAMICAL SYSTEMS, LOGICS AND CATEGORY THEORY	
Simulation Based Decision Support Modelling and Validation of Weak Anticipative Systems Miroljub Kljajic, Mirjana Kljajic Borstnar, Crtomir Rozman (Slovenia) ……..	**119**
Cognitive and Semiotic Approach Lead by Risks Perception and Evaluation for Complex Projects Stéphane Grès, Olivier Gapenne (France) ……	**133**
Investigation of Complex Multivalued Solutions in Discrete Dynamical Systems with Anticipation Sergiy Lazarenko, Alexander Makarenko (Ukraine) …….....	**141**
Geometric Roots of the Anticipatory Procedures Jean-Alphonse Doucet (Belgium) ……	**151**
Role of Multiplicity for Emergence and Anticipation in Memory Evolutive Systems. An example in Art Andrée C. Ehresmann, Jean-Paul Vanbremeersch (France) ……	**173**
A Delayed Gamma Process for Bridge Lifetime Assessment and Maintenance Khalid Aboura (Australia) ……..	**185**
Permutation Excess Entropy and Mutual Information between the Past and Future Taichi Haruna (Japan), Kohei Nakajima (Switzerland) …….....	**197**
Ideas and Mathematical Models about Symmetry, Dynamism, Anticipation Eufrosina Otlacan (Romania) ……..	**211**
Resonances as Stabilizing Agents Jean-Alphonse Doucet (Belgium)	**221**
Generation of Exact and Complete Pattern of Prime Numbers vs. Composite Numbers as Anticipating and Computational Prime Numbering System Stein E. Johansen (USA, Norway) ……..	**239**
